

Blue Lion Learning

Information and Protocols for the 2020-2021 School Year

Washington High School

Effective 8-1-2020

In a world where it seems like everything is changing, there is one thing that won't change: we are here for you and our community.

While Blue Lion Learning will not look like it used to, it will continue to give every student the tools they need to be successful.

WCHCS will continue to Engage, Inspire, and Grow all Blue Lions in an innovative and effective way, not bound by time, space, or environment.

Entry to building

Students that walk or ride a bus will go immediately to first period as they arrive.
Students who drive to school will remain in his/her car until the bell signals entry.

7:00 Staff On Duty for Supervision:

Bartruff, Bonnell, Burchett, Donnenwirth, Dresbach, Pace, M. Rader, Reid, Richardson, Vance, Williamson

Exit from buildings

No congregating.
Students may go to lockers prior to leaving the building.
Students may leave through any door.

Temperature Taking Protocol

Temperatures will be taken during first period class.
**4 cafeteria staff needed to take temperatures in classrooms

Students with a temperature of 100.0 or higher will be sent to Room 109 immediately.

Bathroom protocol

Socially distanced floor markings will identify where to wait and when to return to class.
If you are at or behind the red line, return to class.
Teachers will dismiss students one at a time to utilize the restroom.

Hallway movement

All teachers must monitor class change.
Hallway traffic stays to the right.
No congregating.
Rotunda stairs are only for students moving UPSTAIRS.
All students who need to go DOWNSTAIRS must use the stairs at the end of the hallway.

Washington High School

Remote Learning Expectations for Students

Student Expectations & Attendance

Working Remotely

- WHS will utilize the Google and Canvas platforms. The expectation is that every student will attend each class every day. Some teachers may conduct live instruction or office hours. These live classes will be held at your normally scheduled time of day.

Regular Schedule

ENTER BUILDING	7:15
WARNING BELL	7:19
Period 1	7:20-8:08
Period 2	8:12-9:00
Period 3	9:04-9:52
Period 4	9:56-10:45
Period 5	10:49-12:19
1st Lunch: 10:49-11:19 2nd Lunch: 11:19-11:49 3rd Lunch: 11:49-12:19	
Period 6	12:23-1:12
Period 7	1:16-2:05
Office Hours M,T,TH,F	2:05-2:35

- Recorded lessons should be viewed each day and assignments for that lesson completed each day.
- Attendance is required and will be recorded each day.
- If we are all Remote Learning, here is the schedule we will follow:**

Period 1	10:00-10:25
Period 2	10:30-10:55
Period 3	11:00-11:25
Period 4	11:30-11:55
Lunch Break	12:00-12:25
Period 5	12:30-12:55
Period 6	1:00-1:25
Period 7	1:30-1:55

Schedule

- Each teacher may require live classroom sessions. Students must check daily and be prepared to log on to Google Classroom at their regularly scheduled time.
- For recorded lessons, it is recommended that students begin each day by attending their regular schedule in sequential order (start with 1st period, watch the lesson, complete the assignment, attend 2nd period, watch the lesson, complete the assignment, etc.) until they have attended all classes for the day.

Communication

Teachers, Counselors and Administrators are accessible.

- Reach out to teachers for support through email
- All issues need to be communicated so that we can help you be successful.
- We can help you with academic issues as well as social-emotional issues. If you need someone, please reach out to us.

Grades

- Will be determined by your attendance, work completion and accuracy of assignments and assessments.
- Your grade will be a reflection of your abilities, effort and demonstration of your content knowledge.

**WCHCS Blue Lion Learning
District Protocols**

Visitors

- Visitors will NOT be allowed to enter the building, unless pre-arranged with building personnel for the explicit purpose of meeting regarding student academic, mental, or behavioral progress. If a visitor needs to see school personnel without an appointment you can call and request a meeting with the main office of your child's school.
- Visitors who have a scheduled appointment are required to wear a mask upon entering the building.

Food Service

PAYMENT

- If our free and reduced lunch totals are approximately 70% of our students, school breakfast and lunch will be at no cost to students. Otherwise all payments are to be made in advance online using my school bucks.

LOCATION/STAFFING

- All students will eat their breakfast/lunch in a classroom that is monitored by a teacher or other school personnel.

BREAKFAST

- Students will pick up their breakfast as they enter the building OR have their breakfast delivered to their classroom, which is where they will eat.

LUNCHES

- Students will sanitize/wash hands/space before eating using disinfectant wipes.
- Cafeteria staff will pack a brown bag lunch for each student or students may bring their own lunch from home. Microwaves will not be available.
- Lunches will be picked up or delivered to the classrooms/location.

CLEAN UP

- A trash bag will be provided for each classroom for disposal purposes.
- Students will individually dispose of their own trash after eating.
- Students will sanitize/wash hands/space after eating

Classroom Social Distancing

In every classroom,

- all students will have an individual, assigned seat/area/space
- the assigned student space will be identified through name tags and/or floor markings
- the teacher desk will be limited to teacher/instructional aide/administrator use only
- there will be two clear plastic dividers provided for each classroom

In BLUE LION classrooms, all students will be separated by a minimum of 6 feet.

In WHITE LION classrooms, where a six feet separation is not possible, students will have a minimum of a 3 feet separation.

Change of Class Cleaning Protocol

- Cleaning supplies that we have: formula with sprayer, hand sanitizer, hand washing in class where applicable, wipes for electronics
- Upon leaving a space, students will pack up materials and use hand sanitizer or wash hands in the sink, if available.
- Before leaving a classroom, each desk will be wiped down with a cleaning wipe.
- All door handles will be wiped clean at the end of each class.
- Students will use disinfecting wipes on desks after breakfast and before and after lunch.
- All classrooms will be sprayed with disinfectant at the end of the day by the custodial staff.

Health Clinic

Initial Screening Upon Entry to School

- Any student who has a 100 degree temperature or above and/or COVID-19 related symptoms will be immediately escorted to the nurse's secondary office.
Upon entry to the area, guardians will be notified so that an expedited pickup can occur.
- If pickup cannot occur, the school will notify Mr. Skaggs and the transportation department will provide transportation home for the student.
- Any student sent home will be documented so that the buildings can monitor re-entry. Any student sent home based on symptoms will be required to:
 - Have a doctor's note explaining fever/symptoms
 - Quarantine for a time to be determined by the FCHD.

Health Clinic (cont.)

After Initial Screening

- If a student brings a COVID-19 related symptom to the attention of their teacher, the teacher will send the student directly to the nurse's secondary office.
 - Any student sent to the nurse's office will be given a disposable mask to wear until the student is picked up.
- Teachers will call the secondary nurse's office from the classroom phone to notify the nurse that a student is inbound, identifying:
 - Teacher name
 - Period (if applicable)
 - Student Name
- The nurse will prepare space for student and notify the principal's office

Principal's office will:

- Notify guardians for pickup
 - If pickup cannot occur, notify Mr. Skaggs and the transportation department will provide a way home for the student.
 - Any student sent home will be documented so that the buildings can monitor re-entry. Any student sent home based on symptoms will be required to:
 - Have a doctor's note explaining fever/symptoms
 - Quarantine for a time to be determined by the FCHD.
 - Any student put into quarantine will remain online for the duration of the quarter

GENERAL GUIDANCE FOR FAYETTE COUNTY SCHOOLS

Updated: 08/05/2020

Public Health
Prevent. Promote. Protect.

Thank you for the great collaboration between the school districts and Fayette Public Health Department during the COVID-19 Pandemic.

The restarting of Education Fall 2020 is largely based upon two documents;

- 1) “Reset and Restart Education: Planning Guide for Ohio Schools and Districts”, released 6/20/2020
- 2) “COVID-19 Health and Prevention Guidance for OHIO K-12 SCHOOLS”, released 6/20/2020

This 2020-2021 School year will definitely look and feel different from previous years. Students could possibly be sent home for symptoms they previously were allowed to remain in the classroom for. This will be necessary for the safety of everyone.

It is essential for schools to reinforce to students, parents or caregivers, and staff the importance of students staying home when sick until at least 24 hours after they no longer have a fever (temperature of 100 or higher) or signs of a fever (chills, feeling very warm, flushed appearance, or sweating) WITHOUT the use of fever-reducing medicine. Policies that encourage and support staying home when sick will help prevent the transmission of SARS-CoV-19 (and other illnesses including flu) and help keep schools open.

§ People with COVID-19 have had a wide range of reported symptoms – ranging from mild symptoms to severe illness. Symptoms may appear 2-14 days after exposure to SARS-CoV-2.

· CDC does not currently recommend universal symptom screenings (screening all students grades K-12) be conducted by schools.

1. Positive Diagnosis of COVID-19: student or staff member

- a. Parents & staff will be informed which classroom the confirmed case is in. There will be no identification of actual positive individuals.
- b. The school district will work closely with FCPH for contact tracing.
- c. Anyone testing positive for COVID-19 will be ordered to isolate by FCPH and released from isolation by FCPH
- d. 14-day quarantine will be required of any student/staff member determined to have had close contact with a COVID-19 Case as determined by FCPH.
- e. The FCPH will notify anyone that is considered a close contact of a positive case with instructions on how and when to quarantine.

*** Communication will come from Fayette County Public Health (FCPH) not the school district.**

2. Other student health issues that are NOT diagnosed as COVID-19

- a. Schools shall send home any child or employee who has a temperature of 100 degrees or higher. This individual may not return until they are fever free for 24 hours, without the use of fever-reducing medication
- b. When the child returns to school, the teacher may choose to have them checked by the nurse if deemed necessary
- c. If the individual has had contact with someone confirmed or probable to have COVID-19, they must complete quarantine procedures as directed by the FCPH prior to returning to school.

3. Food Service

All districts will offer food service. Logistics will be determined by each district in compliance with FCPH based on:

- a. Reduced capacity/occupancy or 10 students maximum per table and 3- 6 foot spacing between table edges
- b. No self-service
- c. Individual condiments
- d. Students should wash or sanitize their hands prior to eating

4. Classroom Size

- a. Districts will inform parents that safety protocols are in place but any student who attends school will incur some level of risk. Districts will decrease the likelihood of infection with hygiene, cleaning, and safety procedures, but being in a public place has a certain level of risk that cannot be eliminated.
- b. Classroom occupancy will be determined based on each individual circumstance with the maximum amount of safety considerations possible.
- c. Face coverings (that cover the nose and the mouth) are required for all students K-12 unless there is a medical reason for not wearing them or if social distancing can be implemented.
- d. School employees will be required to use a face covering when they are within six feet of other people.
- e. Assigned seating is highly recommended by FCPH to aid in contact tracing should that become necessary.

5. Visitors and Volunteers

- a. Visitors are generally discouraged from being in school district facilities.
- b. Safety protocols such as taking temperatures, wearing masks, screening questions (sick, travel or contact with positive case) and signing in with a contact phone number will be required for all visitors.

6. Transportation

- a. FCPH recommends assigned seating to determine who must be quarantined if there is a positive case that rides the bus.
- b. Disinfect high touch surfaces on buses after completing each route.
- c. Face masks are required for drivers and students

7. Recess:

According to the American Academy of Pediatrics (2013), “Recess represents an essential, planned respite from rigorous cognitive tasks. It affords a time to rest, play, imagine, think, move and socialize.” Health Guidelines are to be followed (physical and social distancing) for recess periods.

- a. School districts will make every effort to maintain consistency with other safety procedures.
- b. This may mean that districts limit student access to certain pieces of playground equipment and restrict activities that are “high touch” and difficult to clean or maintain social distancing.
- c. All districts will work toward “structured” recess activities such as nature walks that limit students’ physical contact with others.
- d. Students must sanitize their hands before and after recess
- e. Parents may choose to “opt out” of recess for their children

8. Returning to School after COVID-19 illness (symptomatic)

- a. 1 day (24 hours) with no fever (without using fever reducing medication) and

- b. other symptoms improved and
- c. 10 days since symptoms first appeared

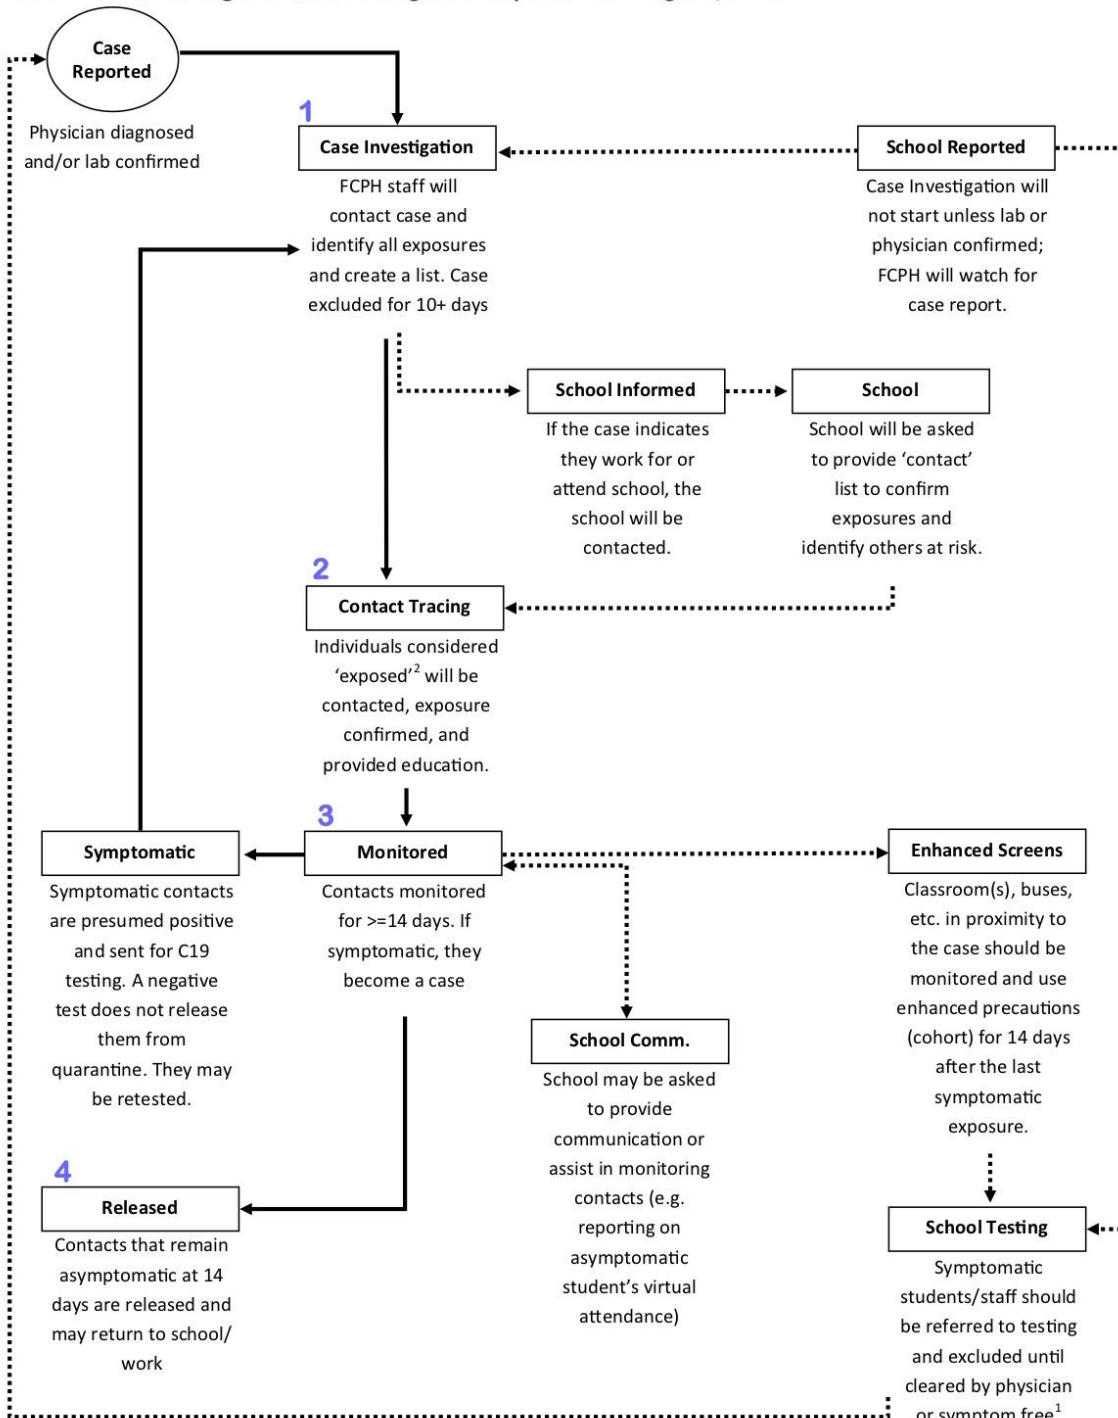

9. Returning to School after COVID-19 (asymptomatic)

- a. 10 days have passed since test without any symptoms developing

10. Communication and Education

- a. Communication and education for parents and caregivers will be exceedingly important to the schools remaining open.

COVID-19 Monitoring and Case Investigation Response Plan Diagram, SY 20-21

¹ At a minimum, schools should follow the ODH (CDC) guidance for symptom identification and school exclusion

² CDC considers ≥ 15 minutes within 6', regardless of mask use, 2020-07-31

This is only a guideline and could change at any given time with guidance for ODH, ODE and CDC

COVID-19 Monitoring and Case Investigation Response Plan Diagram, SY 20-21

SECTION 1: Symptoms

If your child has any of the following symptoms, that indicates a possible illness that may decrease the student's ability to learn and also put them at risk for spreading illness to others. Please check your child for these symptoms:

- Temperature 100 degrees Fahrenheit or higher when taken by mouth
- Sore throat
- **New** uncontrolled cough that causes difficulty breathing (for students with chronic allergic/asthmatic cough, a change in their cough from baseline)
- Diarrhea, vomiting, or abdominal pain
- New onset of severe headache, especially with a fever

SECTION 2: Close Contact/Potential Exposure

- Had close contact (within 6 feet of an infected person for at least 15 minutes) with a person with confirmed COVID-19 [regardless of the use of a mask by either individual]
- Traveled to or lived in an area where the local, Tribal, territorial, or state health department is reporting large numbers of COVID-19 cases as described in the Community Mitigation Framework
- Live in areas of high community transmission (as described in the Community Mitigation Framework) while the school remains open

SECTION 3: Return-to-School Policies

If the student/parent/caregiver **answers YES to any question in Section 1 but NO to any questions in Section 2**, the student would be excused from school in accordance with existing school illness management policy (e.g., until symptom-free for 24 hours with- out fever reducing medications).

If the student or parent or caregiver **answers YES to any question in Section 1 and YES to any question in Section 2**, the student should be referred for evaluation by their healthcare provider and possible testing. CDC strongly encourages local health depart- ments to work with local school systems to develop a

strategy to refer symptomatic individuals to an appropriate healthcare provider or testing site. State, Tribal, territorial, and local health officials and/or healthcare providers will determine when viral testing for SARS-CoV-2 is appropriate. Schools should not require testing results as a part of return to school policies. Students who have received a negative test result should be allowed to return to school once their symptoms have otherwise improved in accordance with existing school illness management policies.

Students diagnosed with COVID-19 or who answer YES to any question in Section 1 and YES to any question in Section 2 without negative test results should stay home, isolate themselves from others, monitor their health, and follow directions from their state or local health department. Students and their families should be advised that the local health department may contact the family for contact tracing. If contacted, families should notify the contact tracer that the student attended school.

Students diagnosed with COVID-19 or who answer YES to any component of Section 1 AND YES to any component of Section 2 without negative test results should be permitted to return to school should be in line with current CDC recommendations in “When Can I Be Around Others”. A negative test or doctor’s note should **not** be required for return. Questions regarding return to school should be jointly decided in consultation with parents or caregivers, school personnel, and the student’s healthcare provider.
